Grey Dun is a black based pony that has the Dun Dilution gene as well as the greying with age gene. These ponies have to carry a minimum of one copy of Black (dominant extension) only recessive Agouti, at least one copy of Dun and a copy of greying with age.

The following are different colour genetic sequences for Grey Dun ponies;

**EE aa DD GG, EE aa DD Gg, EE aa Dd GG, EE aa Dd Gg,
Ee aa DD GG, Ee aa DD Gg, Ee aa Dd GG, Ee aa Dd Gg.**
